## Will Take Visitors To Local School

PLANNING TO SHOW THEM SYSTEM OF INSTRUCTION IN LOCAL EDUCATIONAL INSTITUTIONS.

Superintendent of Public Instruction Babbitt will confer with Judge Dole about taking the visiting Congressional delegation to the schools. Babbitt thinks that the best method of entertaining those who may desire to visit the public educational institutions would be to take them to some schools and show the regular session and method of work.

He said this morning that the Kalaupapa school would be a good place for them to go as there would be fully equal to ten different nationalities of children to be seen as well as a great diversity of station in life. But the utmost cleanliness would be shown by all of the children. It would be a good idea to have the children give the salute to the American flag and to have them sing one of the national songs, showing that they have both the spirit of the flag salute as well as the pronunciation of the English language at their command.

This program is not final, however, and will depend upon the conference with Judge Dole, as well as upon the wishes of the Congressional party who may desire to visit some of the local schools.

## YOU'G CHIEFESS DIES LAST NIGHT

ONE OF THE KAMEHAMEHA LINE  
AND A WARD OF MISS LUCY  
PEABODY, PASSES AWAY.

One of the younger chiefesses of the Kamehameha line passed away last night at Waikiki. She was Miss Olga Keshikuni Kekauonohi. The death of the young chiefess, which was due to consumption and heart disease, was very pathetic, as she was just budding into womanhood, being at the time of her death 18 years and 5 months of age. She was a daughter of the late High Chiefess Kieniolani and was born at Kaimali. The funeral will be held at 4 o'clock Friday afternoon from St. Andrew's Cathedral.

The deceased was a ward of Miss Lucy Peabody. Recently the health of the young woman had been failing rapidly. Owing to the very marked effect of the disease it was thought best some days ago to remove the patient to one of August Dreier's cottages at Waikiki, as it was hoped that the sea air might benefit the failing child, but the ravages of the malady could not be overcome and she expired shortly after 10 o'clock last night. The remains will be at Henry Williams' undertaking parlors until Friday, the time of the funeral. The interment will be in Kawaiahao cemetery.

## LIGHT HOUSE LENSES MADE IN FRANCE

LONG TIME REQUIRED TO FILL  
ORDERS FOR MOST IMPORTANT  
FEATURE OF GREAT LIGHTS.

Persons who have been imagining that the building of a lighthouse of the first order is a task which can be completed within a few months, and have been expecting to hear of the Makapuu Point light being in operation most any time now, may be surprised to learn that it will possibly be more than a year before the beacon will cast its friendly warning across the stormy breakers.

It is true that the main portion of the structure may be finished before that time, but it is doubtful if the great lens, without which the light would be valueless, will be received within a year. In speaking of lighthouse construction yesterday, Col. S. W. Roessler of the U. S. Engineer Corps, in command of the Pacific Coast division, who is here consulting with Captain C. W. Ottwell, on the location of the big fortification works to be built at Pearl Harbor and Diamond Head, made the interesting statement that it was seldom possible to secure a lens for a first order light within less time than a year after the order was placed. These lenses are made by only one concern which is in Paris, and only on order. The process of manufacture is complicated and requires a long time.

Captain Ottwell has placed the order for the lens for the Makapuu Point light with the department, but whether or not it has been forwarded is not known. But in any event it is not likely that it will arrive here ahead of time.

## COMING TO GET FORGER

CABLE FROM HASTINGS, MICHIGAN, SAYS SHERIFF STARTS FOR HONOLULU TOMORROW.

The police were this afternoon notified through the Governor's office of the receipt of a cablegram from Hastings, Michigan, to the effect that Sheriff Furness or his deputy would tomorrow start for Honolulu to take W. D. Clark, arrested here yesterday, on cable advice, for forgery.

The Michigan man will probably reach here before the end of the month. In the meanwhile Clark at present in a cell at the police station, will be transferred to Oahu prison. He does not seem particularly disturbed.

## TRANSPORT HERE FOR BRIEF STAY

SAILS AT 11 A. M. TOMORROW FOR  
NAGASAKI, CHINKIANG AND  
MANILA CARRIES CONSUL.

Sailing from San Francisco on April 30, the transport Buford arrived off port about midnight last night and entered the harbor this morning, docking at Naval wharf No. 1 at 7:15 o'clock. She brought the Congressional party, as elsewhere appears in detail, and carries 28,000 barrels of flour to Chinkiang, China, for the relief of the famine sufferers, as also appears more fully in another column.

Besides the arrival of the members of the Congressional party, there arrived for Honolulu, F. M. Hatch, representative of the Honolulu Chamber of Commerce at Washington, with his wife and son, and George B. McClellan wife and child.

Thomas Sammons, American Consul General to Seoul, Korea, is bound for Nagasaki and his wife and son and wife's companion are going to Chinkiang where her husband will join her later and they will all proceed to Seoul. E. R. Johnstone is in charge of the Christian Herald Relief supplies for the China famine sufferers. For Manila there are a number of army officers and families of army men.

The Buford sails at 11 o'clock tomorrow.

## WENT ON STRIKE FOR LEFT HANDED MAN

EXPERIENCE OF SHIP MANGA  
REVA WHILE TAKING ON BAL-  
LAST AT SAN DIEGO.

The ship Manga Reva, now in Honolulu, had a peculiar experience, loading sand ballast at San Diego. When the men turned to to shovel sand into the big iron buckets to be hoisted aboard it was discovered that one of the men was left-handed and a right-handed man could not shovel alongside him.

It was suggested that the left-handed man be dropped from the roll of workers, but the union shovellers insisted that another left-handed man be secured to make a pair. Whereupon the whole gang knocked off work for a couple of hours while a mate was secured for the left-handed shoveller.

## WOOLLEY THINKS WELL OF THE OFFER

CABLE MESSAGE ENCOURAGES  
ANTI-SALOONISTS IN HOPE OF  
SECURING GREAT MAN.

The Honolulu branch of the Anti-Saloon League received a cable this morning from Hon. John G. Woolley, containing the three words—"Considering favorably. Letter."

This message is in response to an invitation cabled Mr. Woolley some days ago by the Anti-Saloon League, inviting him to come here and take charge of the work as superintendent, and as a result the leaders of the league are greatly encouraged, as they believe that satisfactory arrangements can be made which will result in the great temperance leader's coming here to live.

In addressing Mr. Woolley in the first place, the League acted on the knowledge that he was casting about for some field of work away from Chicago, he being anxious to get into some milder climate. He is known to have under consideration propositions to go to Oklahoma, and one or two points in the South West have also been trying to get him.
